

You are looking for a position in a fast-paced, dynamic industry? Do you want to work on the interface of science and business?

We are looking for a highly motivated

Investment Analyst (m/f) (100%)

to join our Investment Team.

We are a Swiss venture capital firm that invests exclusively in private innovative drug development companies, with a special emphasis on the next generation of biological drugs and drug formats. Backed by several institutional and strategic investors, we find our portfolio companies primarily across Europe. Our team is a mix of experienced VC professionals and biotech entrepreneurs. Check out our homepage for more information: www.pureosbio.com

Job Description

- Sourcing, screening and evaluation of early deal flow with focus on Europe and Switzerland
- Working together with the Pureos Team on the whole investment process covering science and business due diligences
- Scientific and competitive landscape analysis of therapeutic areas and drug modality technologies
- Supporting the work with our portfolio companies

Your Profile

- Degree in Life Sciences/Pharmacy (PhD) or Medicine (MD) with an interest in business
- Strong analytical skills & intellectual curiosity for cutting-edge science
- Team spirit and self-motivated personality
- Previous experience in venture capital, startup environment or business development is a plus
- Strong English written and oral communication skills + preferably some fluency in German

We Offer

- Being part of a dynamic and highly competent team with flat hierarchies in a flexible working environment
- Opportunity to learn all aspects of biotech VC investing and to develop personally
- Many interactions with biotech entrepreneurs and VC peers
- Contributing to building successful companies advancing innovative treatments for devastating diseases.
